Introduction to DevOps
Face Detection with OpenCV in Python

Bhuvan S A

Machine Learning Student | Data-Driven Problem Solver
Bengaluru, Karnataka, India

Summary

As a machine learning student, I'm passionate about using data and technology to solve complex problems and drive innovation. With a solid foundation in programming and computer science, I'm constantly seeking new challenges and opportunities to expand my skillset and make an impact in the field.

Through my coursework and personal projects, I've gained hands-on experience in a variety of areas, including data analysis, natural language processing, computer vision, and deep learning. I'm also proficient in Python, TensorFlow, and other relevant tools and technologies.

I'm a strong collaborator who thrives in team environments and values open communication and feedback. I'm constantly seeking out new learning opportunities and staying up-to-date on the latest trends and advancements in the industry.

If you're looking for a highly motivated and detail-oriented machine learning student with a passion for innovation, let's connect!

Experience

Giftolexia Solutions Private Limited
Intern
March 2023 - Present (4 months)
Bengaluru, Karnataka, India

Education

Global Academy Of Technology
Bachelor of Engineering - BE, Artificial Intelligence · (December 2021 - July 2025)

Shanti Dhama, Sunkadakatte, Magadi Main Road, Bangalore -91
